

SC Titran's Telemachos DVM & DSM: 2nd at Felikat Awards 2012/2013

As our black beauty Telemachos had only participated in 2 out of the 4 possible shows, this great result came as a complete surprise.

With 340 points, just 20 points behind the winner, SC Titran's Telemachos DSM & DVM got a great 2nd place at this yearly Felikat competition where all breeds of cat. It compete against in each other! It looks like this is a good start for the competitions of 2013.
